

# SPRESSO UNISEX SOCKWEAR FEATURES

- Designed in Canada and made in Italy with both natural fibers and innovative new materials.
- Graduated compression in 15-20mmHg and 20-30mmHg increases blood circulation, enhances leg energy and reduces leg fatigue.
- Breathable Dryarn® quickly transfers sweat away from the skin to keep feet cool and dry.
- Thermo-insulating properties keep feet cool in the summer and warm in the winter.
- Dryarn® is 32% lighter than wool and 34% lighter than polyester.
- SPRESSO's perfect-fit, non-binding, comfort top stays up with no pinching or bulging.
- Reinforced, flat-seamed toe and anatomical heel ensures durability and comfort.
- Patent-pending, special processing technique ensures a perfect fit without sliding, creasing, or wrinkling.
- Dynamic action of graduated compression gives wearers a feeling of lightness and wellbeing.
- Available in Everyday Wear, Sheer Knee-High, and Athletic.
